Visit our project website or email us for more information on the project and on all the opportunities to be involved, including virtual meetings, in-person open houses, surveys and more.

The City of Aspen and its partners manage a parking and transportation system that helps us—Aspen's residents, workforce, and visitors—get where we need to go. We're launching a new project called Aspen Gets Us There to evaluate and improve the system.

**WHY:** Improve parking and transportation for the entire Aspen community.

**WHAT:** Evaluate and change our parking and transportation options to better support our residents, workforce and visitors and align with our social, economic and environmental goals.

**WHEN:** Fall 2023 – Spring 2024

**GETS US THERE.**
